

## REMARKS

In the Office Action mailed on May 4, 2005, claims 1-22 were subject to restriction and election between the following patentably distinct subspecies:

Subspecies I, claims 1-14 and 19-22, which relates to an aqueous mixture, classified in class 524, subclass 800;

Subspecies II, claims 15-18, which relates to a process for preparing an aqueous mixture.

In response to this restriction, Applicant elects Subspecies I for further prosecution in the present application. As such, claims 1-14 and 19-22 are elected for further prosecution and claims 15-18 are canceled. No fees are believed due for the submission of this Amendment. However, if this is not the case, please charge any such required fees to Deposit Account No. 13-2725 with reference to attorney docket number 13659.0005USU1.

Respectfully submitted,
